**Dear Mr. Dastouri and Mr. Behrooz.**

We are surprised to receive a mail " Notice of Abandonment" from you.  
The mail was sent to our old address. We have moved our office to :

1971 Otoole Way. San Jose CA 95131.

We got the mail 3 weeks after you sent to our old address. We now respond immediately to your this notice.

We are surprised why this application is under abandon status ? We are still waiting for your reply after we mailed the amended specification to response the official action on May 10, 2006.

We are innocent to this abandon. The following pages will show the amended specification again.  
Really don't know what went wrong.

Please keep going to complete the office action. If you need anything, or want the amended article mail to you again, let us know.

Thanks

Ray Spykerman
